

HIT A HOMER!

TRIPLE A

Wow! You're a pro! You know when to hit, catch, run and steal bases! You work well with the team, listen to the coach and have become a "AAA" player! Keep it up! Everyone wants to help you win!

DOUBLE A

You're getting better! You have a good grasp of the game! Your catching, hitting and throwing show remarkable improvements. You've got a good attitude, but still need some work on being a good teammate. Take time to listen and learn from those better than you.

CLASS A

Keep working! You're participating. You catch the ball sometimes and occasionally make contact with the ball when batting. You are listening better, but need some work on hustling. Make sure you're in a ready position at all times.

ROOKIE

You've got some work to do. You're not in a ready position. You don't hustle. You don't follow the coach's instructions. You don't hit the ball, touch the base when running, catch a ball or throw it in a timely and accurate manner.
